

# POKLJUKA

9-21 FEBRUARY 2021

EUROVISION  
SPORT  
OPERATED BY EBU

## WELCOME FROM EUROVISION SPORT

### Dear Broadcasters

*On behalf of Eurovision Sport, I am delighted to welcome you to the World Broadcasters Meeting in Bled/Pokljuka - a region well known for organizing excellent biathlon events for many years now.*

*Radio and Television of Slovenia (RTVSLO), our host broadcaster, has thoroughly prepared this meeting alongside Eurovision Sport and the Organizing Committee. RTVSLO is renowned on the global sports scene for the highest professional standards when it comes to TV and radio production for major sporting events.*

*We would like to thank all our partners, particularly the IBU, for our longstanding collaboration and the Organizing Committee for their close cooperation and involvement during the preparation phase.*

*As we all know, the COVID-19 situation has shifted many sports events, such as the UEFA European Championships and the Summer Olympics, to 2021 but the IBU World Championships will definitely be the highlight of the upcoming winter season 2020/21.*

*We are really looking forward to a great and unforgettable IBU World Championships in February next year and I trust that the World Broadcaster Meeting, which has also had to be postponed to August, will provide you with all the information you need to best prepare your production for this event.*

### **Glen Killane**

*Eurovision Sport | Executive Director\**

*\* From 1 June 2020*
